### Building Wrap Dupont Usa Global

DuPont™ Tyvek® HomeWrap® is the original house wrap, incorporating unique material science that helps keep air and water out, while letting water vapor escape. As a result, it can contribute to improved building durability by helping to protect homes against damaging wind and rain that can penetrate the exterior cladding.

Choosing the Best House Wrap: Tyvek® vs. Perforated Wraps  
Choosing the best house wrap is a short-term decision that can have significant long-term effects. Effective air and water holdout can contribute to both structural durability and energy efficiency, while the optimal level of vapour permeability can allow walls to dry more quickly if water does get in, to help prevent mold and rot.
